(ii) A road is needed to conduct a response action under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) or to conduct a natural resource restoration action under CERCLA, section 311 of the Clean Water Act, or the Oil Pollution Act;

(iii) A road is needed pursuant to statute, treaty, reserved or outstanding rights, or other legal duty of the United States;

(iv) A road realignment is needed to prevent irreparable resource damage that arises from the design, location, use, or deterioration of a road and cannot be mitigated by road maintenance. Road realignment may occur under this subsection only if the road is deemed essential for public or private access, natural resource management, or public health and safety;
